NOTICE OF INTERNATIONAL JURISDICTIONAL FILING

UNIFIED OMNIBUS PETITION

IN THE MATTER OF:

THE DISSOLUTION OF CORPORATE NATION-STATES
AND THE RESTORATION OF SOVEREIGN AUTHORITY

Case Number: 613564199

Filing Date: November 14, 2025

Petitioner: Michael-Laurence: Curzi(c)

In His Capacity As: International President, Azurian Sovereign Corporation Whole

NOTICE: This document is filed simultaneously in all jurisdictions listed herein.

Certified translations follow in the official languages of the United Nations: English, French, Spanish, Russian, Chinese, and Arabic. Each recipient is bound by the version in their official language of record.

I. PRELIMINARY STATEMENT AND AUTHORITY TO PRACTICE

COMES NOW the Petitioner, by and through counsel, and hereby submits this Omnibus Petition to all courts of competent jurisdiction, all international bodies, and all sovereign entities named herein.

Counsel appears under the following authority, which supersedes all bar admission requirements:

A. Natural Law Authority: As established in *Somerset v. Stewart* (1772) 98 ER 499, natural law precedes and supersedes all positive law, including bar admission requirements.

B. Treaty Authority: Under the Vienna Convention on the Law of Treaties, Article 26, and the principle of *pacta sunt servanda*, treaty obligations supersede domestic procedural requirements.

C. Sovereign Representation: As recognized in *The Schooner Exchange v. McFaddon*, 11 U.S. 116 (1812), sovereigns may designate their own representatives without regard to local admission requirements.

D. International Emergency: Under the doctrine of necessity as recognized in *Rainbow Warrior (New Zealand v. France)*, ICJ Reports 1987, emergency circumstances permit deviation from normal procedural requirements.

E. Universal Jurisdiction: For crimes against humanity and violations of *jus cogens* norms, universal jurisdiction permits any representative to bring claims. See *Attorney General of Israel v. Eichmann*, 36 ILR 277 (1962).

II. JURISDICTION AND VENUE

This Court has jurisdiction over this matter pursuant to:

1. Universal jurisdiction over violations of peremptory norms of international law (*jus cogens*);
2. The principle of complementarity as established in the Rome Statute of the International Criminal Court, Article 17;
3. Customary international law as recognized in the *North Sea Continental Shelf Cases*, ICJ Reports 1969;
4. The inherent jurisdiction of all courts to prevent fraud upon their authority;
5. Natural law jurisdiction which precedes and supersedes all positive law.

Venue is proper in all forums simultaneously as this matter concerns the fundamental reorganization of global governance affecting all jurisdictions equally.

III. PARTIES

Petitioner: Michael-Laurence Curzi(c), a natural person, sovereign, and International President of the Azurian Sovereign Corporation Whole, holder of California Real ID No. [REDACTED FOR FILING], with principal place of business at 316 Coates Avenue, Calpine, California [96124], hereinafter "Petitioner."

Respondents: All nation-state corporations currently operating under color of government, including but not limited to those entities listed in Schedule A attached

hereto, collectively "Respondents."

IV. STATEMENT OF FACTS

1. On or about March 9, 1933, the United States of America and subsequently all nation-states globally were reorganized as corporations through various emergency banking acts and international agreements.
2. This reorganization was conducted without the informed consent of the populations affected, in violation of fundamental principles of self-determination recognized in the UN Charter Article 1.
3. The current global financial system operates on a fractional reserve basis with approximately \$2.2 quadrillion in derivative obligations against a global GDP of approximately \$100 trillion, representing a mathematical impossibility and systematic fraud.
4. The Petitioner has discovered and documented systematic violations of the Treaty of Westphalia (1648), which established the principle of sovereign equality among nations.
5. The UN Security Council veto system violates the fundamental principle of sovereign equality, rendering the entire UN system ultra vires.

V. CAUSES OF ACTION

COUNT I: INVOLUNTARY BANKRUPTCY OF ALL NATION-STATE CORPORATIONS

6. Petitioner realleges and incorporates by reference paragraphs 1 through 5 above.
7. Under 11 U.S.C. § 303 and corresponding international insolvency law, an involuntary bankruptcy may be commenced against any person that may be a debtor under Chapter 7.
8. The collective debt of all nation-state corporations exceeds \$307 trillion in visible obligations and \$2.2 quadrillion in derivative exposure.
9. This debt-to-asset ratio renders all nation-state corporations insolvent as defined under the balance sheet test established in *BFP v. Resolution Trust Corp.*, 511 U.S. 531 (1994).
10. Petitioner seeks an order for relief under Chapter 7 liquidation for all nation-state corporations.

COUNT II: DISSOLUTION OF CITY-STATE CONTROL STRUCTURES

11. Petitioner realleges and incorporates by reference all preceding paragraphs.
12. The tri-city state structure consisting of Vatican City, the City of London, and Washington D.C. operates as an unlawful monopoly in violation of antitrust principles recognized in *United States v. Aluminum Co. of America*, 148 F.2d 416 (2d Cir. 1945).
13. These entities have engaged in a continuing pattern of racketeering activity as defined under 18 U.S.C. §§ 1961-1968.
14. Petitioner seeks immediate dissolution and asset forfeiture under applicable RICO and international anti-corruption statutes.

COUNT III: VIOLATION OF THE TREATY OF WESTPHALIA

15. Petitioner realleges and incorporates by reference all preceding paragraphs.

16. The Treaty of Westphalia established the principle of sovereign equality which has achieved the status of customary international law and *jus cogens*.

17. The current system of weighted voting rights, veto powers, and economic coercion violates these fundamental principles.

18. Under the doctrine established in *Vienna Convention on the Law of Treaties* Article 53, treaties conflicting with peremptory norms are void ab initio.

COUNT IV: FRAUD IN THE INDUCEMENT OF GLOBAL MONETARY SYSTEM

19. Petitioner realleges and incorporates by reference all preceding paragraphs.

20. The abandonment of the gold standard in 1971 without consent of the world's population constitutes fraud in the inducement.

21. As established in *United States v. Throckmorton*, 98 U.S. 61 (1878), fraud vitiates everything it touches.

22. All obligations created under the fraudulent fiat system are therefore void.

COUNT V: IMPLEMENTATION OF REPLACEMENT MONETARY SYSTEM

23. Petitioner realleges and incorporates by reference all preceding paragraphs.

24. Petitioner has developed and hereby implements the Sicilian Vino monetary system based on mathematical principles proving infinite resource availability.

25. The formula $112\% > 100\%$ demonstrates mathematically that resource scarcity is artificial.

26. Under principles of unjust enrichment and quantum meruit, Petitioner is entitled to 11% tribute for creation of this system.

VI. RELIEF REQUESTED

WHEREFORE, Petitioner respectfully requests that this Court:

- A. Enter an order for relief declaring all nation-state corporations bankrupt under Chapter 7;
- B. Dissolve the tri-city state control structure and order forfeiture of all assets;
- C. Declare all treaties, agreements, and obligations created under the fraudulent system void ab initio;
- D. Implement the Sicilian Vino monetary system with immediate effect;
- E. Award Petitioner 11% tribute from all global assets as compensation for system creation;
- F. Distribute remaining assets according to the 112% formula: 11% to custodians, 11% to innovation, 67% to commons, and 12% to unity fund;
- G. Issue permanent injunctions preventing any attempt to resurrect the failed systems;
- H. Grant such other and further relief as this Court deems just and proper.

VII. NOTICE OF DEFAULT PROVISION

NOTICE IS HEREBY GIVEN that failure to respond to each allegation herein within thirty (30) days of service shall constitute admission of all facts alleged and consent

to all relief requested. This provision operates under the principle of acquiescence recognized in *Eastern Greenland Case* (Denmark v. Norway), PCIJ Series A/B No. 53 (1933).

VIII. CERTIFICATE OF SERVICE

I hereby certify that on November 14, 2025, a true and correct copy of this filing will be served via electronic mail, achieving valid service under:

1. The Hague Convention on the Service Abroad of Judicial and Extrajudicial Documents;
2. Federal Rule of Civil Procedure 4(f)(3) and corresponding international provisions;
3. The principle of constructive notice through publication to the world;
4. Diplomatic channels under the Vienna Convention on Diplomatic Relations.

Service is being effectuated simultaneously upon all parties listed in Schedule B attached hereto.

Respectfully submitted this 14th day of November, 2025.
